Cindric Promoted to Engineering Manager

SEATTLE, WA — January 28, 2015— Mike Cindric has been promoted to Engineering Manager for AeroGo. He joined AeroGo in 2013 as a Senior Project Engineer. During his tenure, “Mike has had a string of successful projects and has taken on additional responsibilities,” stated John Massenburg, President.

Mike came to AeroGo with ten years of experience in robotics and automation design, and earned his B.S. in Mechanical Engineering from the Milwaukee School of Engineering. Originally hailing from just outside of Chicago, Mike and his wife have happily settled into Seattle.

Mike states, "It continues to be an honor to work amongst so many talented people at AeroGo. I am incredibly appreciative for this opportunity and will strive to continue AeroGo's growth among the world's leading load handling solutions."

For more information on AeroGo and engineered systems, contact AeroGo at 1-800-929-2985 or visit <http://www.aerogo.com/about-aerogo/engineering>

Founded in 1967, AeroGo is the world leader in providing standard and customized load moving solutions for highly sensitive and exceptionally heavy loads.
